

...The definitive source for royalty-free cruise itinerary maps for print and electronic media.

Two product lines:

- web-optimized maps
- print-quality maps, in vector and raster formats

Simple licensing:

- one-time per-image licensing fee
- royalty-free, perpetual licenses granted
- volume discounts

Unparalleled map availability:

- 65 cruise lines, 369 ships
- new itinerary maps produced continuously as cruise lines introduce new itineraries
- 6 languages
- 40+ styles
- cruise-tours, expedition-type cruises, and river cruises available

Unique features:

- image maps for linking to port information pages included with all web-optimized images
- reference cruise itinerary data in XML format supplied with all maps for easy integration

Perfect for all applications:

- cruise line websites, U.S. and international
- travel agency websites
- information portals, cruise line associations
- cruise travel publications
- cruise brochures
